**Connection Parameters**

Trading members shall be required to set the technical connection parameters of the PR & DR site at their end. Please refer <https://www.indiainx.com/static/portals.aspx> for connection parameters.

- Trading members connecting to the BOLT Plus trading system using BOLTPLUS can change the settings in the configuration setting window.
- Trading members connecting through ETI shall have to set up the connection parameters in their ETI based trading application, as appropriate.
- Trading members can connect to other Peripheral web-based systems like RTRMS, ZT, CLASS, collateral, Extranet, etc. through the web links provided in the above-mentioned URL using their existing user id & password.
- To connect the online trade file application, members shall have to change the remote server IP & port settings in the setting.ini file as per the applicable connection parameters

Trading members using third party trading platforms of empanelled vendors or in-house developed systems through ETI APIs can use this opportunity to test their respective trading application during mock trading session for various functionalities (including exceptional market conditions).

Kindly note that in absence of this setting, trading members may face difficulties in connecting to the trading system. Hence, trading members are requested to configure these settings in their respective trading applications in advance before the mock trading on Saturday, December 07, 2024.

Market participants may note that the mock trading is merely for the purpose of testing and familiarization and that the trades resulting from such mock trading will not attract any margin obligation or pay-in and pay-out obligation and will not create any rights and liabilities. Participants are requested to participate actively in the mock trading sessions.

#### **Feedback of Mock Trading Session**

To be able to provide our members with a robust & efficient system for trading with better features, feedback from all members is very important. We solicit your active support and participation in this endeavour.
